ACADEMY

The Future Starts Here

www.silverleaf.co.tz

Silverleaf Academy is a network of pre and primary schools across Tanzania offering high-quality and affordable education.

We are an English-medium academy inspiring young minds with a relevant and creative educational system, tailored to each student's individual needs and shaped by the latest developments in today's world.

We enrich classes with technology and practical learning and offer extracurricular activities where students can discover their own unique talents.

We know the first years of school are so important and we support every student's growth by stimulating positive behaviour in a conducive environment, complemented with a balanced diet.

Our promise

Student Wellness

Every student has the right to receive a well-rounded education that supports their physical, emotional, and intellectual growth. Through our student wellness initiatives, we create a safe and nurturing learning environment that promotes healthy habits, mental wellness, and positive social interactions.

Academic Attainment

We strive to provide a rigorous and challenging curriculum that prepares our students for success in their academic pursuits.

Co-curricular Enrichment

Programs designed to help students discover and develop their talents and interests, while fostering a sense of responsibility and teamwork.

Language Mastery

We are dedicated to ensuring that our students develop strong English language skills that will enable them to communicate effectively in a variety of settings.

Technology Integration

We recognise the vital role that technology plays in our world today. We are committed to integrating technology into our curriculum in meaningful ways that enhance student learning and prepare them for the digital age.
